

## The Earth Institute Center for Environmental Sustainability (EICES) Recommendation Form

### **RECOMMENDATION INFORMATION**

Please enter your information and attach your opinion of the applicant's qualifications to participate in one of the following programs at the Center for Environmental Research and Conservation:

#### **CERTIFICATE IN CONSERVATION & ENVIRONMENTAL SUSTAINABILITY**

The Earth Institute's Certificate Program in Conservation and Environmental Sustainability provides professionals with the knowledge and tools to be effective environmental leaders and decision makers in the 21st century. It is an evening program in which environmental issues are discussed, debated and examined, where participants develop an in-depth understanding of conservation science and practice through case studies and a focus on Environmental Policy, Management and Finance. Please provide a letter of support that speaks to the applicant's ability to undertake university-level work, and/or demonstrated commitment to conservation and environmental issues. Please indicate how long you have known the applicant and in what capacity.

#### **SUMMER ECOSYSTEM EXPERIENCES FOR UNDERGRADUATES (SEE-U)**

The Summer Ecosystem Experiences for Undergraduates (SEE-U) program provides undergraduate students of all majors from all accredited colleges or universities with a global understanding of ecology and environmental sustainability. It provides students with the opportunity to conduct fieldwork in unique natural settings at various remote field sites in addition to participation in a combination of classroom lectures and lab-work. Upon completion of the program, students receive undergraduate credits from Columbia University. Please provide a recommendation of the preparedness and suitability of the student to participate in fieldwork and academics, and to handle the interpersonal dynamics required for living and studying in a remote environment. Please indicate how long you have known the applicant and in what capacity.
