Lip balm w/ sunblock

Sunglasses

Water bottle

Raincoat/windbreaker

Footwear

 Flip-flops

 Sturdy shoes that can get muddy/dirty

Clothing for temperatures in mid-60s to low 70s (Fahrenheit)

Toiletries

Towel

Prescriptions/medication

Camera

Small notebook

Pens/pencils

Passport

Copy of passport

Health insurance card

Contact information sheet

Phone and charger

Any other personal items (snacks, headphones, earplugs, baseball hat/sun hat, laptop*, etc.)

*There is Wi-Fi in all of the buildings at BIOS. It may be useful to have a laptop to keep in touch with family or friends; however, if you do not want to bring your own laptop there is a computer lab at BIOS. A laptop is not critical for completing the assignments as many of the assignments are water-based and the computers in the lab have the software needed for data analyses.
